**COURSE DESCRIPTION:**

Clinical practicum prepares the advanced nurse practitioner student for the provision of evidence-based care for adult and geriatric patients experiencing acute, critical, and complex chronic health conditions in a variety of acute and critical care settings.

**COURSE OBJECTIVES\*:**

Upon completion of this course, the student will be able to:

1. Demonstrate an increased level of proficiency in the management of adult and geriatric patients with diverse spiritual, ethnic, and socio-cultural backgrounds. (Program Student Learning Outcomes: 1, 3, 4, 5, 8)
2. Collaborate effectively with patients, families, and interdisciplinary health care team members to implement an individualized, patient-centered plan of care. (Program Student Learning Outcomes: 7, 8)

3. Demonstrate increasing competence in the professional role of the advanced practice nurse. (Program Student Learning Outcomes: 1, 2, 3, 4, 5, 8)
4. Incorporate professional practices that promote quality improvement and lifelong learning. (Program Student Learning Outcomes: 3, 5, 8)

\*Each Course Objective is tied to the Program Student Learning Outcomes which can be found on the GSON website.
