NURS 5551 Practicum IV: Teaching in Clinical

Course Faculty

- **Name:** Julie A. Spencer DNP, RN, CDCES
- **Email:** julie.spencer@barnesjewishcollege.edu
- **Office:** Remote
- **Office hours:** Monday – Friday, 1200-1600. Available by email Monday – Sunday, 0800-1600. Office hours by appointment and/or mutual availability of student and faculty

Course Description

Students gain evidence-informed teaching experiences by engaging with patients, community, and interprofessional learners. Nurse educator roles in clinical settings, skills labs, and simulation are examined.

Student Learning Outcomes

By the end of this course, the student will:

1. Identify evidence-informed clinical learning activities that direct learner knowledge and competency attainment. (PLO: 1, 4, 6)
2. Assess learner needs in the practice setting using evidence-based learning style inventories. (PLO: 1, 4)
3. Design innovative clinical experiences to develop critical thinking and reasoning skills for diverse learner populations. (PLO: 1, 2)
4. Demonstrate competence in a variety of clinical teaching strategies, including information technology, that appeal to diverse learner populations and learning styles. (PLO: 1, 2, 4, 8, 9, 10)

*Each Student Learning Outcome is tied to the Program Learning Outcome (PLO) which can be found on the College website and College Catalog.
